sutton memorial high school

why, who makes much of a miracle?
as to me, i know nothing else but miracles,

whether i walk the streets of manhattan,
or dart my sight over the roofs of houses
toward the sky,
or wade with naked feet along the beach
just in the edge of the water,
or stand under trees in the woods,
or talk by day with any one i love, or sleep
in the bed at night with any one i love,
or sit at table at dinner with the rest,
or look at strangers opposite me riding
in the car,
or watch honey-bees busy around the hive
of a summer forenoon,
or animals in the fields,
or birds, or the wonderfulness of insects
in the air,
or the wonderfulness of the sundown, or
of stars shining so quiet and bright,
or the exquisite delicate curve of the
new moon in spring;
these with the rest, one and all, are to me
miracles,
the whole referring, yet each distinct and
in its place.

to me every hour of the light and dark
is a miracle,
every cubic inch of space is a miracle,
every square yard of the surface of the earth
is spread with the same,
every foot of the interior swarms with the
same.

to me the sea is a continual miracle,
the fishes that swim--the rocks--the motion
of the waves--the ships,
what stranger miracle are there?

Walt Whitman

the miracle of enlightenment

as i older grow,
the lessons of my teachers,
deep within my heart
and deeper ever sinking,
impress their truth profoundly.

To the Class of 1968:

Commencement signifies a beginning, a new way of life. Through the multitude of experiences at home, the school, and the community, you are now qualified to meet the challenges of adult life with clear reasoning and independent thinking and understanding.

Sutton is a growing community that will need your assistance as it develops to meet the needs of tomorrow. Support your Alma Mater by being active members of the Alumni Association. Share the responsibilities for developing better community facilities for tomorrow's citizens.

During your youth the thinking has been, "What can Sutton do for me?" Now that you are young adults the question foremost in your minds should be, "What can I do for my community?"

Yours sincerely,

Lester R. Aldrich

why, who makes much
of a miracle?

we do!

we dedicate

The past four years have been marked
by great changes for us,
changes on all levels,
within ourselves and in the world around us.
All relate to the other and all are
important.

It has been a time of discovery,
when common truths seem profound
and where no problem is a small one.
Often we see life as under a magnifying glass,
too involved with minor details to allow
ourselves to see the overall picture.
We fail to appreciate those quiet stabilizers,
so needed to our development,
overlooking them because they do not play
the part of a particle in the mass,
but act as a unifying cement,
necessary and unnoticed.

Now is the time to correct our nearsighted vision,
to see and appreciate that which is
always there and virtually never noticed.

Now is the time to awaken ourselves to the
realization that much of what we take for granted,
and many of whom we take for granted,
deserve recognition.

Now is the time to take steps to correct
such a situation by dedicating this
record of events to one who has acted
as an unseen cement in making these events possible,
one who is necessary and oftentimes unnoticed,
MR. EVERETT L. MINOR.
